

## Choosing your Career Cluster. . . A Journey to Your Future

All 8th grade students will be taking an online Career Clusters Interest Survey. This survey is a career guidance tool that allows the students to respond to questions and identify the Career Cluster of interest based on their responses.

After a Career Cluster is selected, each 8th grade student will be given a 4-year plan based on their Career Cluster and Program of Study. The 4-year plan shows students recommended courses for a particular pathway, what program of study is appropriate during postsecondary education, and recommended extended learning and extra-curricular opportunities. The 4-year high school plan is flexible and should be updated each year as the student's interest and plans change.

**The Student Interest Survey is located on the Keller ISD website.**

1. Go to the Keller ISD website at <http://www.kellerisd.net/kellerisd> and click on the **Students & Family** tab to pull down to **Need to Know**.
